The **Pain2Peace** Training is part of **Hidden Treasure Ministry**. Our vision is to equip both laypeople and professionals to help hurting people move out of pain and into peace. Sexual abuse is epidemic in the world today and yet there are so few who are equipped in trauma recovery who can help. The 'harvest is plentiful, but the laborers are few' here too.

# Endorsements

*"It's evident that Eric and Lisa have been called to minister to the abused, traumatized and hurting. Their compassion, insight, experience, and education has prepared them well. I attended a seminar of theirs last year and found it to be very beneficial both personally and professionally."*

trauma, addiction and abuse

*Our mission is to equip those called to set the captives free!*

*We have been missionaries for many years. In 2003 God called us to a new field, it wasn't a place, it was a people group: the sexually abused. Since then we have been actively studying the best teaching on trauma, neglect and abuse we could find from both Christian and secular view points.*

*We have developed and been teaching internationally, a curriculum that equips both people and professionals alike. What you will learn is easily adapted to other cultures or spiritual climates, including unbelievers.*

*If you are not able to attend this training and would like to help someone else attend please email us at [info@htmin.com](mailto:info@htmin.com) or you can donate one line at [www.htmin.com](http://www.htmin.com)*
